Joining Trenam

Your talent, combined with our practice and culture adds up to mutual success. Why Join Trenam?

Our team members at Trenam Law enjoy a long and thriving career. We have been recognized numerous times as a "best place to work" and those who join Trenam are most often surprised by the friendly, supportive environment which makes us unique in the legal industry. Since its founding, we have been known for the quality of our lawyers and, of course, those high standards apply to all team members who make Trenam Law a great place to work. As part of our culture, we understand the importance of teamwork, where utilizing our legal skills and delivering excellent client service is the ultimate common goal. The firm takes teamwork seriously and, in addition to numerous group events, devotes a half-day each year to a firmwide team building activity, as well as other group activities throughout the year, that reinforces teamwork as an important core value.

Opportunity

Our firm's size and reputation leads to opportunities to work on sophisticated and challenging legal matters while remaining small enough that team members can make a big difference. We hire those we believe will thrive in our environment, which is fast-paced and deadline driven. Team members are service oriented, motivated, able to take initiative and highly competent. Associates often have the opportunity to assume more significant responsibility earlier in their careers while being mentored and supervised by more senior attorneys. Attorneys, and their assistants, will find effective support for technology, client development, marketing efforts, billing/collections or benefits. Stewardship of our law firm is always a top priority for the Executive Board, practice group leaders, administrative management and each individual.

Our Culture

We value the culture established by the founding members of the firm and it has remained our priority throughout the firm's history. Our culture allows us to work as a team in an environment with an open-door policy, excellent benefits, training for work and life skills, routine social activities, modern offices, and regular performance feedback. We are proud of our track record of attorneys who have been elevated in their positions and in leadership roles. We appreciate the diversity of perspective experienced attorneys bring to Trenam. Team members in all areas who join Trenam often note the collegial welcome they receive upon joining. We are always happy to hear from talented professionals who are interested in making a change to a firm where they will be supported and encouraged to make a significant impact.

We invite you to learn more about our firm through the rest of our website and to contact us at HRResume@trenam.com if you wish to be considered for employment.
